Summary* of Disease Rates, Weekly Statistical Report No. 37, September 18, 1941

*This summary is incomplete in that reports from all stations are not included. Only larger stations, or stations representative of a geographical area are included. Fluctuations in strength at some stations, or in some areas, may be the result of not having received all reports from those stations or areas at the time this summary is published.

(M) Strength of stations so marked may fluctuate considerably because of being engaged in maneuvers.

Note: - One (1) case Paratyphoid reported from Ft. Banks, Mass. week of September 6, 1941
One (1) case meningitis reported from Ft. Devens, Mass. week of September 6, 1941
One (1) case meningitis reported from Ft. Belvoir, Va. week of September 13, 1941
One (1) case poliomyelitis reported from Indiantown Gap, Pa. week of September 13, 1941
